

 **The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.CoalBenefits.com or call 1-855-979-5192. Important Questions	Answers	Why This Matters
What is the overall deductible?	For Alliance Coal Direct <u>providers</u> : \$0 ; for <u>Non-Direct providers</u> : \$400 person/\$800 family .	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses, paid by all family members, meets the overall <u>family deductible</u> .
Are there services covered before you meet your deductible?	Yes. Alliance Coal Direct services (except emergency room), <u>preventive services</u> , and <u>prescription drugs</u> are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	The medical out-of-pocket limit for Alliance Coal Direct: \$2,000 person/\$4,000 family ; for Non-Direct: \$4,000 person/\$8,000 family . For Alliance Coal Direct and Non-Direct, the combined medical/prescription out-of-pocket limit is \$7,350 person/\$14,700 family .	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	The medical out-of-pocket limit does not include <u>copayments</u> or <u>prescription drugs</u> . Neither the medical out-of-pocket limit nor the combined medical/prescription <u>out-of-pocket limit</u> includes <u>penalties</u> , <u>premiums</u> , <u>balance-billing charges</u> , covered services not considered essential health benefits by federal law (such as chiropractic and acupuncture), any discounts or similar reductions by <u>providers/manufacturers</u> , or health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	This plan does not use a provider network. You can receive covered services from any provider. This plan has direct contracts with certain providers who are referred to as Alliance Coal Direct providers. See www.CoalBenefits.com or call 1-855-979-5192 for a list of Alliance Coal Direct <u>providers</u> . The allowed amount for services provided by Alliance Coal Direct providers is based on the contract with the provider. The allowed amount for services from Non-Direct providers is based on a payment rate established by the plan, which is typically a percentage of the Medicare fee schedule.	You will pay the least if you use an Alliance Coal Direct <u>provider</u> . You will pay the most if you use a Non-Direct <u>provider</u> . You might receive a bill from a Non-Direct <u>provider</u> for the difference between the Non-Direct <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your Alliance Coal Direct <u>provider</u> might use a Non-Direct <u>provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
